

GULF COAST TMC, LLC

Where Service & Total Customer Satisfaction Make the Difference!

7670 Hwy 10 • Ethel, LA 70730

(225) 683-6636 • Fax: (225) 683-6652 • Email: sales@gulfcoasttmc.com • www.gulfcoasttmc.com

TEST EQUIPMENT

Beta Calibrators / Martel Electronics

Process Calibrators & Test Tools

www.betalibrators.com

www.martelcorp.com

Crystal Engineering Corporation

Solutions to Measure, Calibrate, Systemize, Configure, Record, Generate, and Connect

www.crystalengineering.net

Ralston Instruments, LLC

Manufacturer of Quality Pressure Calibration Pumps, Manifolds, Quick Test Hoses & Fittings

www.ralstoninst.com

ThermoProbe, Inc.

Manufacturer of Precision Digital Thermometers

www.thermoprobe.net

Wika

Manufacturer of Pressure and Temperature Instrumentation

www.wika.com

CALIBRATION & CERTIFICATION

NIST Traceable Calibration & Certification of Test & Measurement related equipment. Online access to archived history of equipment, including cert sheets.

MEASUREMENT

Canada Pipeline Accessories

Design and manufacturer of flow conditioners and flow nozzles **NEW!**

www.flowconditioner.com

Parker Texas Thermowell

Thermowells – stepped, tapered, standard; sample probes

PGI International

Instrumentation Valves & Manifolds

www.pgiint.com

RED RIVER INSTRUMENT, INC.

Red River Instruments, Inc.

Manufacturer of Quality Orifice Plates & Seal Rings

SICK / MAIHAK

Ultrasonic Meters FC600

www.flowsic600.com

Thermo Scientific

Gas Flow Computers

www.thermo.com

TMCo, Inc.

Meter tubes and orifice fittings for flow measurement

www.tmcousa.com

Weed Instruments

Resistance Temperature Detectors (RTDs)

Wika

Manufacturer of Pressure and Temperature Instrumentation

www.wika.com

SERVICES

Analytical, Communications, and Measurement related services, including startups, commissionings, FAT's, validations, and more.

GULF COAST TMC, LLC

ANALYTICAL

A+ Corporation

Genie Membrane Separators, Filters, Probes, Probe Regulators, & Corrosion Inhibitors

www.geniefilters.com

ABB

Natural Gas Chromatograph – Innovative NGC 8200 Series Application Flexibility

www.abb.com/totalflow

NEW!

Advanced Micro Instruments

Superior quality Oxygen analyzers

www.amio2.com

Rae Systems

Manufacturer of Gas Detection Stain Tubes & Pumps for quick, on the spot measurements

www.raesystems.com

SpectraSensors

Manufacturer of Laser-based Gas Sensors for Measurement of Moisture, CO₂, & H₂S in Natural Gas Pipelines

www.spectrasensors.com

MUSTANG®

Valtronics, Inc.

Heated Sample Conditioning Systems

www.mustangsampling.com

Analytical Accessories

Tubing, Insulated Tubing, Heat Trace Tubing, Termination Kits & related accessories for complete sample conditioning and transport from sample tap to the analyzer. Includes enclosures, shelters, sample panels & components.

POWER

Air X & Air X Marine

Wind Generators - 12, 24, or 48 VDC. Up to 400 watts. Can be incorporated in Hybrid Systems with Solar Panels

BP Solar

High Performance Solar Modules, Controllers, and Regulators

www.bpsolar.com

IOTA Engineering

Power Supplies/Chargers – Smart Chargers in 12 or 24VDC

MK Powered

Completely Sealed Deep Cycle Gel, Sealed Lead Acid, and AGM batteries. We provide power for a wide variety of applications.

Gulf Coast TMC manufactured solar powered DC power systems; AC power systems; Custom built control and communication systems; and stand-alone 900Mhz communication systems, including wireless I/O packages.

Power Accessories

Power supplies, Controllers, Regulators, Inverters, Wind Generators, Solar Module Mounting Brackets, & Custom Enclosures

COMMUNICATION

SENA

SENA Technologies

Bluetooth serial adapters with ranges up to 1000 meters

www.sena.com

Freewave Technologies

Wireless Data Solutions
Spread Spectrum Radios

www.freewave.com

Gulf Coast TMC packages Bluetooth radio systems into user-friendly, application specific kits enabling cable replacement applications for flow-computer programming/monitoring and a variety of other applications.

Communication Accessories

Antennas, Custom RS 232 Cables, Coaxial Cable, Coaxial Connectors, Coaxial Jumpers, RF Jumpers, Surge Protection, Site Surveys, Path Profile Studies

SAFETY

NEW!

BW Technologies by Honeywell

Gas detection equipment for the protection of personnel and facilities

www.bwt.net
